**Course Description:** The Second semester of a second year sequence for students who have completed Beginning Italian 1 and 2. Emphasis will be on the further development of basic competence in the language and the introduction of more complex structures. Class will be conducted entirely in Italian and thus student listening skills will be developed through frequent exposure to authentic language spoken at normal speed. Class work will be supplemented with homework using a workbook. In class, students will have ample opportunity to speak, as much of the class period will be spent working in pairs or small groups. Students will also be exposed to different kinds of Italian texts such as newspaper articles, short stories, and web pages, in order to develop strong reading skills. Italian songs and clips of famous Italian movies will be used during the semester as listening comprehension exercises and as an opportunity for discussion of Italian culture. Students will also be challenged to work on writing skills with compositions and longer essays.

**Course Objectives:**

The objective of this course is to introduce students to the finer points of the Italian language. By the end of this course, students can expect to be able to make comparisons, to talk about the distant past, express opinions about theater, cinema, music, and literature; discuss politics and compare cultures.
