SWA 1121 is the continuation of Swahili language to beginners. It is designed to enable you develop the ability to communicate with other people in Swahili. The primary focus is to develop speaking, listening, reading and writing skills. Although all these four skills are considered important, special emphasis is put on developing communicative (speaking) language skills. Basic lexicon, grammatical structures and aspects of Swahili/African culture will be introduced and highlighted as necessary components towards achieving communicative competence.

Masharti (Prerequisite)

SWA 1130 is a prerequisite for SWA 1131.

Malengo ya Kozi (Course Objectives)

- To enable students to develop communicative skills in Swahili through listening, speaking, reading and writing. This will be achieved through classroom discussion, practice, and communicatively oriented activities.
- Appreciation of Swahili culture
- Expanding knowledge of vocabulary through extensive reading of materials in the text, online and elsewhere.
- To provide students with the basic grammatical structures of Kiswahili that will enable them to communicate effectively.
- To enable students to write and express themselves in Swahili.

Matarajio ya Kozi (Course Requirements)

Each student is expected to set a personal goal for him/herself, and to work consistently towards that goal. Instruction will loosely follow the lesson sequence of the Hinnebusch/Mirza Kiswahili textbook to ensure students' solid grounding in fundamentals of Swahili grammar, learning its vocabulary, and developing good pronunciation and listening skills. *Beginning Swahili Workbook* will be used to help students practice the grammar introduced in each chapter. Handouts of various materials will also be provided.

Wajibu wa mwanafunzi (Student Responsibilities)

Students are expected to preview each lesson as part of their daily homework before the lesson is actively introduced in class. Preview consists of reading of the new dialogues and reading through the grammar notes of each lesson. We will be covering one lesson each week. Each student will be expected to engage in conversations with the teacher and fellow

students and also present in class either individually or in groups. Ask questions whenever you do not understand and pursue matters during office hours or make an appointment.

Academic Conduct.

Cheating of any kind is a serious university policy offence. You can work with others on assignments but be sure to always write your own answer(s). Be sure to express your concern about your performance (especially if you are having problems) early instead of late in the semester.

“Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the instructor when requesting accommodation.”

Online Course Evaluation Process

“Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at gatorevals.aa.ufl.edu/students/. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via ufl.bluera.com/ufl/. Summaries of course evaluation results are available to students at gatorevals.aa.ufl.edu/public-results/”

Tathmini (Evaluation)

1. Mahudhurio (Attendance & Participation) =10%

Attendance at all classes is absolutely essential. Since most of our class work is devoted to teaching conversational strategies in activities that foster the acquisition of spoken Swahili, it is very important that every effort is made to attend all classes. Moreover, missing classes makes it impossible for you to learn the language and slows down the pace of the class. You are allowed three absences. After that every absence will be penalized. Each absence will entail a penalty of 1% toward your final score unless it is due to emergency like illness. In this case documents will be required. If you miss 6 days (on top of the three days), your final grade will be lowered one level. No make-up assignments will be allowed.

2. Zoezi la Nyumbani (Homework) =10%

Homework assignments are due every Friday when there is no quiz and Thursday when there is a quiz on Friday of every week. There are Vocabulary web exercises on UCLA Swahili web site <http://www.humnet.ucla.edu/aflang/swahili/Exercises/index.htm> and other websites to help students review vocabulary. Since part of the language learning process involves building vocabulary, which unavoidably takes time and effort, students must devote time to learning the vocabulary and how to use it. Each student will be responsible for learning the vocabulary assigned for that week which is at the end of every chapter of the Hinnebusch/ Mirza Kiswahili textbook. Students must keep a vocabulary/noun notebook or file listing the vocabulary / nouns encountered each week. This work will be checked randomly. Students will be tested on their mastery of vocabulary/nouns and on their ability to use both in their writing and conversations in class.

3. Insha (Short Essays) =10%

Students are expected to turn in a total of 2 written essays and present two others orally. This work should be typed, double –spaced and on font 12. The length of each essay will be 1-2 pages and the due dates will be indicated in the schedule of classes. Typed essays are preferred. Additionally, each student will present on a special topic orally in class, however, students must prepare for these as well. More information will be given in the class.

4. Majaribio (Bi-weekly quizzes)=25%

Every two weeks, normally on Friday, there will be a short quiz (total of 5 quizzes). The worst score of the series will be dropped and an average of the remaining four scores will form the final score. However, all quizzes must be done unless a student is excused for illness or similar emergency. In such cases, make up exams will be possible. These quizzes and assignments are primarily used as means of discovering and correcting problems. There is also an ongoing assessment of oral proficiency skills in the classroom.

5. Mitihani (Exams): Midterm =20% and Final Exam=25%

These will mainly test your understanding of the grammar, how well you have mastered the vocabulary of the lessons studied, and your comprehension of written Swahili. More information about these exams will be given in class.

Ilani (Academic Conduct)
