COURSE DESCRIPTION AND OBJECTIVES

This beginners' course is intended for anyone who wants to acquire some knowledge of Yorùbá language or wants to develop **speaking**, reading, and writing skills of Yorùbá. Therefore, the course focuses on basic aspects such as greetings and self-introduction and finishes up with lessons of self expression at various everyday services such as: the market, bank, post-office and how to make telephone calls, etc. At the end of the session, a good student should be able to:

- (1) speak a reasonable amount of basic conversational Yorùbá,
- (2) read and understand a reasonable amount of elementary Yorùbá,
- (3) understand a reasonable amount of elementary Yorùbá when it is spoken to her/him,
- (4) write/compose a reasonable lengthy essay in Yorùbá and
- (5) appreciate the cultures and histories of the Yorùbá people.

(Take note of the words *reasonable*, *basic*, and *elementary* in every instance. How far you go and how proficient you become by the end of the course will, to a large extent, depend on you. At least an hour a day outside of class, looking over what was done, will contribute to good success. In addition, try attending one Yoruba event organized by native speakers)

REQUIRED TEXTS

Our main text for the course will be: Schleicher, A. Y. F. (1993) *Jé Ká Sọ Yorùbá* New Haven & London: Yale University Press. (ISBN Number 0-300-05590-0). If you already have a copy no need to buy another. A Yorùbá-English Dictionary is also recommended.

COURSE REQUIREMENTS

To achieve our set objectives, regular class attendance, punctuality, and active participation in class discussions are required. Also, we will be using the language laboratory once a week; lab day will be announced in class at the appropriate time. The coursework will comprise of a series of announced and unannounced quizzes, individual oral presentations, take-home assignments and weekly tests (on Fridays).

ATTENDANCE POLICY

Since language is learned over time, with persistence, consistency and great deal of patience, regular class attendance and individual/group studies are crucial to the learning process. For this reason, there shall be various penalties for the violation of class attendance policy. The following penalties shall apply for the violations listed below:

Lateness: A student is considered late if she or he arrives in class after attendance has been taken (i.e. about 5 minutes into the class period). Lateness shall be calculated on 2 lateness = 1 absence basis.

Absences: Any lateness beyond the first 15 minutes of class is considered an absence for that day (even if such student decides to remain in class!) **There are about 80 days for this semester**

Please keep your cell phones in your bags during the 50 minutes we are in class.

Lateness and absences: These shall be calculated and penalized on pro-rata basis (i.e. points will be deducted from the attendance and participation grade based on the number of total absences from the Semester).

Grade point Reduction: Starting with the third absence, your grade will be reduced by a half point (for instance, if your grade amounts to an 'A' and you were absent four times during the Semester, your grade will be reduced to a 'B''). However, genuine excuses for absence (if the need arises) should be made known to me at least 24 hours prior to such an absence, except in cases of emergencies. Except with authentically documents stating the cause of an absence (e.g. doctor's report in cases of emergency) missed quizzes, tests and other assignments will not be readministered on any other grounds. (N.B. Note that 80% minimum attendance is required to make a passing grade in this course! Anything less than this minimum requirement will earn an E in the course).

Make-up policy for weekly tests: Make-up tests will only be allowed under certain conditions:

- (1) An absence backed with a medical excuse
- (2) A university authorized trip outside of class. Apart from these two there will be on make- up exams or tests in this class. Please note that every test counts toward your final grade.

YORÙBÁ PEOPLE and their LANGUAGE

Yorùbá is a tonal language spoken in Nigeria by about thirty million people and in the neighboring countries of the Republic of Benin and Togo. In Nigeria, Yorùbá speakers reside in the Southwest region in states such as Òyó, Ògùn, Osun, Ondo, Ekiti, Lagos, Kogi and Kwara states. **Yorùbá is a Kwa language**, which belongs to the **Yoruboid group**. Apart from about 30 million native speakers of the language found in south-western Nigeria and South-eastern Benin Republic, there are also descendants of Yorùbá people transported to the New World during the Transatlantic slavery of 18th to 19th centuries; most especially in Brazil, Cuba, Haiti, Trinidad, Puerto Rico, etc who speak variations of the language.

Yoruba is a tonal language and so it is important to pay attention to the tones in the language. Tones occur on the syllable in Yorubá but in the orthography, tones are marked on vowels and syllabic nasals. There are three basic tones of different pitch levels in Yoruba: High, Mid and Low. In the writing system, the High and Low are marked with (') and (') respectively, over the vowel. The mid tone is generally unmarked except where there might be ambiguity or confusion.

General II:

Please note that this syllabus is subject to change depending on the rate at which you as learners cooperate with the teacher. There is no exemption to the writing of daily journals. The journals are to help you coordinate and systematize your learning. It gives you one more window to reflect on what you are learning. There are going to be new additions to what I expect from your journals. I will announce the changes in class.

This semester I expect you to set goals for yourself during the language lab periods. Do not waste the 40 minutes checking other sites that have nothing to do with Yorùbá.

The emphasis for this semester is your learning how to speak, write, and understand Yorùbá language and culture.
